

Benefits for EMPLOYER Groups

Convenience

The Sizwe Hosmed Employee Wellness Screening offers an excellent on-site service to the employer groups, so employees don't have to take time off work for screening purposes. The screenings can be done in the office rooms supplied by the employer, or branded outdoor material can be provided by nurse provider upon request.

Productivity

Screening is brought to employees, minimising time spent out of the office by employees. Members also get the convenience of a guery desk set up to manage any medical aid related issues they may have.

Professional Service

This service is performed by a professional wellness specialist and confidentiality is always maintained.

Healthier and Happier workforce

Corporate Wellness days make employees feel valued by their employer but most importantly, an educated and cared for workforce ensures a healthier and happier work environment.

Lifestyle Change

Risk reduction of lifestyle related chronic conditions for employees by encouraging behavioral change to educate employees about their risk profile and promote early detection of chronic conditions which will encourage early registration of Disease Management Programmes and prevent long term complications.

Feedback

Post screening, the member will receive an individualized comprehensive report and advice on their health. The employer will also receive a comprehensive report after the completion of screenings that will help them gain insight into the of the wellness of their organisation.

Benefits for DIRECT PAYING Members

Regardless of how healthy you feel, going for health screenings at least once a year is important. Many serious conditions and lifestyle related chronic conditions can be prevented or successfully treated if detected early. Preventative wellness screening is a benefit awarded to you on a yearly basis to use with your registered defendants. We have selected Clicks and Dischem pharmacies as testing sites. Please prebook an appointment for your consultation.
